Academic Tutors

The Baton Rouge Youth Coalition (BRYC) seeks intelligent, empathetic, and deeply committed college students and/or professionals to serve as tutors who work with Fellows to help them with high school classes and the ACT. Potential volunteers should be proficient in at least one subject area in high school coursework, such as geometry, chemistry, or French. We have a special need for tutors in the STEM areas.

BRYC Overview

Founded in 2009, BRYC is an after-school program that prepares high-achieving, under-resourced high school students – called “Fellows” – to enter, excel in, and graduate from college so they can become full participants in society.

Tutoring Program Overview

BRYC tutors work 1 on 1 with BRYC Fellows who require additional assistance in their high school coursework. This can involve studying for a test or the ACT, explaining a difficult homework problem, or helping prepare a project. Tutors are scheduled through our Setmore appointment scheduling system. This allows Fellows to work one on one with a content area expert. Tutoring hours are after school between the hours of 4:00pm to 8:0pm.

BRYC's Support of Tutors

- BRYC designates two full-time staff members to oversee the tutoring program and provide support: the Managing Director of Academic Programs and the ACT Coordinator.
- Tutors will receive updates about Fellows who request tutoring through the Setmore system
- Additional support for scheduling volunteer hours will come from the ACT Coordinator
- BRYC provides reference materials and practice problems on-site.
